Item #	**Comments/Observations**
1	A review of the A-133 filing certification indicated significant deficiencies. A Copy of the State of Texas filing certification for fiscal period ending 08/31/2010 is on file.
2	Copies of findings noted, Management Responses and Corrective Action Plans from the Federal Portion of the State wide audit for fiscal period ending 08/31/2010, are on file.
3	The entire amount of the ARRA award was budgeted toward Personnel/Salaries. Therefore, no capital equipment reimbursement requests were received from the subrecipient.
4	In an effort to verify that hours' data was correctly reported, a sample consisting of five Progress Reports, was chosen for review. Supporting documentation, previously submitted by the subrecipient, was also reviewed. Requested and received additional documentation from the subrecipient. The documentation validated time and effort as reported by the subrecipient. An explanation of how the hours were calculated was also submitted and accepted. An Excel worksheet verifying actual hours reported and electronic copies of supporting documentation are on file.
5	Based on the budget information in the ARRA Financial Tracker, the approved budget plan was being followed and the project expenditures were not over or under the 10% requirement. No budget modification was required.
6	No issues were found regarding quality of data submitted with Reimbursement Requests or need for additional information.
