Table of Programs

Academic Affairs and Research

The Coordinating Board action on July 30, 2009, streamlined the approval process for new bachelor's and master's programs. Automatic approval is granted for new bachelor's and master's degree programs proposals that meet the following criteria (Chapter 5, Subchapter C, Section 5.44): (a) the proposed program has institutional and governing board approval; (b) the proposed program complies with the *Standards for New Bachelor's and Master's Programs*; (C) adequate funds are available to cover the costs of the proposed program; (d) new costs during the first five years of the program will not exceed $2 million; (e) the proposed program is a non-engineering program (i.e., not classified under CIP code 14); and (f) the proposed program will be offered by a university or health-related institution.
