The Texas Higher Education Coordinating Board (CB) established following guidelines for the distribution of scholarships in the 2010/2011 biennium:

1. The Engineering Recruitment Program (ERP) State appropriation for the 2010/2011 biennium was $1,000,000 per fiscal year. The CB divided the funds equally between the Merit Scholarships Program (MSP) and the Engineering Summer Program (ESP) of ERP.
2. Scholarship money was targeted to sophomore students.
3. The CB allocated scholarship funds to public and independent institutions with engineering programs, who then select recipients based on program requirements.
4. Scholarship allocation by institutions was based on the total number of engineering degrees conferred at the institutions.

The following engineering schools with engineering programs received MSP scholarship funds:
