The Texas Higher Education Coordinating Board does not discriminate on the basis of race, color, national origin, gender, religion, age or disability in employment or the provision of services.

Overview of First-time Applicant, Acceptance, and Enrollment Information for Texas Public Universities

The attached reports provide information related to the number of applications filed, acceptances/offers given, and actual enrollment for Texas public universities. The data corresponds to applications received for the summer and fall terms as reported to the Coordinating Board by public universities on the CBM00B. Data for Texas public two-year colleges and independent colleges and universities is not reported to the Coordinating Board. Additionally, Texans who apply to and/or enroll in out-of-state institutions of higher education are not reported.

The annual reports begin with a presentation of statewide data, followed by individualized reports for each public university. Applicants submitting more than one application to Texas public universities are reported only once in the statewide report (non-duplicated).

On the institution reports, the last row lists the number of applications received by that university which were submitted by the same applicant to one or more additional Texas public universities. The individualized institution reports also include enrollment information concerning the number of applicants who actually enrolled in other public institutions.

The three sections of the report (applications, acceptances, and enrollments), provide details regarding race/ethnicity (White, Black, Hispanic, Asian, American Indian, international, and unknown) and gender. Data are also provided in each section by semester (summer, fall) and by residence (Texas, other U.S. states, other country, and unknown residence). Incomplete or partial applications, applications from transfer students or graduate students, and applications for concurrently enrolled high school students are excluded from the report. Additional information regarding each section of the report is provided below.

First-time students may have earned college credits while concurrently enrolled in high school or through advanced placement exams.

Application for Admission

Applications refer to all undergraduate applications submitted to Texas public universities by first-time entering students for the summer and fall semester of the year listed. Top ten percent applicant data is not provided separately, as all top ten percent applicants from Texas high schools are automatically accepted.

Acceptance/Offers of Admission

This section summarizes the applications received in terms of acceptance (or offers) of admission made by the institutions. Categories include the total number of acceptances, total acceptances of top ten percent applicants, and total acceptances of all other offers of admission. The total number of acceptances provides top ten percent and top 25 percent (top 11-25 percent) offers of admission and acceptances based on other criteria. Top ten percent acceptances include applicants who are Texas high school graduates, as well as top ten percent graduates applying to Texas institutions of higher education from out-of-state or out-of-the-country who may, or may not, be graduates of a Texas high school. Data collection methods at this time do not distinguish the applicants' place of residence from the location of their high school.

Enrollment

Undergraduate enrollment data refers to actual attendance at a Texas public university by first-time undergraduates. Flexible entry students, who delay enrollment after their application has been accepted, are excluded.

Data categories are the same as those provided for acceptance of admission, with the addition of one area—no application. “No application” refers to students who were enrolled by an institution, but their application was not reported to the Coordinating Board by that institution during the time of data collection. These students may have applied in a previous summer/fall term or for spring entry.

Additional information on where applicants enrolled is provided in the individual institution reports. This section details the enrollment of accepted applicants according to top ten percent status, all other offers, or the number of applicants rejected/withdrawn. The information refers to enrollment at that particular institution, other Texas public universities or community/technical colleges, or the applicant's decision not to enroll at a public Texas institution.

The final line in the enrollment section for individual institutions reports the number of applications received by that university which were submitted by the same applicant to one or more additional Texas public universities.
