STUDY INFORMATION: TUNING SURVEY FOR COMMUNITY COLLEGE STUDENTS

The Texas Higher Education Coordinating Board (THECB), with grant support from Lumina Foundation for Education, is conducting a study of students currently enrolled in courses that provide the necessary academic background to enable students to transfer into Management Information Systems programs at four-year institutions. In order to better serve you, the THECB and your institution would like you to take this short survey. The answers will be very valuable in improving curriculum planning and course relevance for future students.

Management Information Systems faculty, alumni, and employers throughout the state also are being invited to participate in the study.

PARTICIPATION

You are invited to participate in a study that asks for your opinion on a number of general competencies relevant to your education. The survey will take approximately 20 minutes to complete. Your participation in this study is voluntary. You may refuse to participate without penalty.

BENEFITS

Only through such broad consultation with different stakeholders will the Texas Higher Education Coordinating Board—the state coordinator of this study—be able to arrive at a decision about what learning outcomes are important for Management Information Systems graduates.

CONFIDENTIALITY

You will never be personally identified at any point in the process of this study. There is no personally identifiable information on the survey form itself. With respect to SurveyMonkey, anonymous responses will be collected through the use of the "Web Link Collector." This method does not track names or emails. We will not save the IP addresses in the Analyze section. As responses come in, each survey will be marked as a "Normal Response" in the Response Type field. There will be no name or email associated with it.

CONTACT

If you have questions at any time about the study or its procedures, you may contact Dr. Mary E. Smith, Assistant Deputy Commissioner for Academic Planning and Policy at the Texas Higher Education Coordinating Board, at 512-427-6213 or mary.smith@thecb.state.tx.us, or Ms. Debbie Rodriguez, Program Specialist for Academic Planning and Policy for the Texas Higher Education Coordinating Board, at 512-427-6547 or debbie.rodriquez@thecb.state.tx.us.

If you feel you have not been treated according to the descriptions included on this form, or your rights as a participant in research have not been honored during the course of this project, you may contact your course instructor or your institution's Institutional Review Board (IRB) office.
