The University of Texas at Brownsville draws upon the intersection of cultures and languages at the Southern border and Gulf Coast of the United States to develop knowledgeable citizens and emerging leaders who are engaged in the civic life of their community. It embraces teaching excellence, active inquiry, lifelong learning, rigorous scholarship and research in service to the common good.

The University promotes the interdisciplinary search for new knowledge that advances social and physical well-being and economic development through commercialization while honoring the creative and environmental heritage of its region.
