Data plays a key role in achieving *60x30TX* goals

Educators dive into THECB data through Data Fellows program

- Training for stakeholders to understand and leverage data resources to support *60x30TX*
 - www.60x30TX.com
 - Accountability system
 - Deeper THECB data analyses
 - Student, parent, and counselor-facing tools

By learning about the data associated with *60x30TX*, people will come to understand the plan more deeply

Data Fellows serve as ambassadors to *60x30TX*

- Summer trainings for:
 - K-12 district leaders
 - Higher education association leaders, intermediaries, philanthropic partners
- Fall trainings for:
 - CTCs, November 16
 - Universities, November 17

Training promoted hands-on exploration and discussion

- Data Walk
- Hands-on exploration of data resources
- Small and large group discussion of plan strategies
- Support for dissemination

“The THECB has a lot more data than I thought! Knowing this will help us avoid reinventing the wheel when we're looking for information.”

“By giving time to get in and ‘play’ with the data, it will make it easier to decide the key parts that will be most beneficial to share with others in my district.”

Data Fellows provide insights to THECB about 60x30TX in the field

- Provided recommendations to enhancing our data tools
- Surfaced misunderstandings about the plan and terminology across sectors
- We need to continue to make the case for growing the educated population
- People hungry for strategies and how to “plug in”
