1. OVERVIEW OF FUNDING OPPORTUNITY

1.1 PROGRAM TITLE

Evaluation of the Comprehensive Student Success Program

1.2 SYNOPSIS OF PROGRAM

The purpose of this Request for Application (RFA) is to solicit Applications to conduct an evaluation of the Comprehensive Student Success Program (CSSP). The Comprehensive Student Success Program is a part of the Texas Higher Education Coordinating Board’s (THECB) College Access Challenge Grant (CACG), funded by the United States Department of Education. Through a separate RFA, contractors have been hired to administer the CSSP. The purpose of the CSSP is to improve student success in postsecondary institutions by providing a comprehensive program of interventions that increase completion of either a diploma or certificate program. The target student populations are first-generation college students, with an emphasis on under-represented student groups such as African American and Hispanic or economically disadvantaged students. The CSSP is not limited to interventions relating to academic services, but include services that impact college readiness and success in a broad sense—access to child care, early warning systems, counseling services and/or financial aid packaging. Successful applicants for these funds should be ready to implement the requirements of the grant as soon as the funds are made available. Funds from the CACG are potentially available for up to five years.

7. PROGRAM PURPOSE AND AUTHORITY

7.1 PROGRAM PURPOSE

The THECB is requesting higher education institutions to implement comprehensive student success services that:

- Evaluate and modify existing policies and practices that may serve as barriers to student engagement and success;
- Increase faculty involvement in and incentives for supporting student success through careful review of academic progress;
• Communicate with college students who are struggling with their academic programs as early in the term as possible;
• Connect identified students to resources that are designed to address their academic issues;
• Assist students in maintaining or improving their grade point average (GPA);
• Improve student completion rates by expanding both community and academic services that support increased student engagement.

A successful CSSP will achieve the following outcomes:

• Increased student completion in those courses indicated in the Student Success Survey that serve as barriers to student success and continued college participation;
• Increased completion of degrees or certificates by student populations that are targeted by this application;
• Increased faculty involvement in student success initiatives;
• Increased student participation in institutional activities and events;
• Policies and procedures that serve to encourage student success and completion.

7.1.1 The THECB is requesting Applications from Eligible Applicants to implement an evaluation of the CSSP. The evaluation should include:

• A process evaluation including at least one site visit to all sites between September 1, 2011, and May 1, 2012.
• Develop site visit protocol(s) in conjunction with the THECB evaluation staff.
• Create a rubric to identify interventions used by the institutions. Drafts of the rubric must be reviewed and approved by THECB evaluation staff. The final rubric is due August 1, 2011.
• Collect and verify baseline data for the target courses at each of the participating institutions. Target courses vary by program but must be “entry-level, credit-bearing courses that have high drop or withdrawal rates and that have the highest failure rates.” A report on the baseline data is due August 1, 2011.
• Guide institutions in drawing an appropriate random sample of 500 students (250 who were exposed to the interventions and a control group of 250 who were not exposed) to complete a measure (to be selected by THECB) of strategic learning skills prior to the beginning of the interventions and again at the completion of the interventions.
• Collect and verify outcomes data, such as grades and withdrawal rates, for the intervention courses from each participating institutions’ Institutional Research or other appropriate office.
• Report on short-term attainable outcomes, such as retention and successful completion of courses, from semester to semester each year and year to year if the program continues. Specific measures will be determined by the successful applicant in conjunction with the THECB program and evaluation staff.

• Write a preliminary report on the evaluation work, due January 20, 2012. Write a final report, due August 1, 2012. (See Appendix B for the report format.)

7.2 PROGRAM AUTHORITY
